GTROPY

POSITION: FULL STACK DEVELOPER, SD–II / III

Working Location: Currently WFH due to pandemic.
Post pandemic – 515-516, Park Centra, Sector 30, NH8, Gurgaon, India
Budget – not a constraint for a right candidate

Email: cv@gtropy.com
More Info: www.gtropy.com

Requirements

- B Tech/B.E./BCA/Masters in Computer Sciences from a reputed college.
- Minimum 8-10 years of experience is required in Dot net Development– node.js databases/Asp.Net/java/scala/c#
- Someone with good Hands-On Data Structures and Algorithms
- Must join within immediately or within very short notice

Perks:

- 5 days working, Flexible working hours, WFH., Medical Insurance, Exciting promotions & Appraisals and most importantly become a part of a dynamic and fun team of entrepreneurs from IIT, IIM and BITS Pilani☺

Role:

- We are looking for a Full Stack Developer who is well hands-on and thoroughly analytical with the ability to work as an individual contributor, analyze requirements, design, develop, and maintain software.
- Thorough in Data Structure designs and well versed with code space/time complexities (if its lacking please don't apply).
- Strong knowledge in designing tables and writing complex stored procedures in Database.
- In depth knowledge and work experience with .Net framework C#,ASP.NET, Ajax, Windows Services, Web services, SQL Server.
- Solid understanding of OOP concepts and design patterns utilizing C#, MUST.
- Need to Deliver good product quality by doing thorough UNIT testing
- Experience in developing applications using JavaScript, ReactJS (hands-on experience a must), AngularJS, - NodeJS, HTML5, Bootstrap CSS3/CSS4, will be an added advantage.
- Understanding of design guidelines such as Material Design will be an added advantage.
- Should have hands-on at least one of the NoSQLdatabases, and should be aware of why, where, when to apply the NO SQL.

Meanwhile, give it a thought for the below ramblings:

- What is the toughest computer science problem that you have ever solved?
- While coding , do you ever think why the CPU of your program gets increased at times?
- When you have designed the Data Structures, do you target achieving logarithmic time complexity, because if you think quadratic, the scale at which we run, it would never be able to finish its respective loops!
- Do you like to work in multiple programming languages !
- Have you ever tried solving loop unwinding and loop unrolling in real world problems !
- Have you ever designed a state machine for solving String-Matching problems.

GTROPY

We at Gtropy literally solve such problems, if such engineering ramblings excites you, GTROPY is definitely for you.
We are looking for self-motivated computer science engineers, who just not only roll up their sleeves but make sure to riddle out such unconventional problems with a Thug Life

- Gtropy is a renowned brand ventured by a passionate team from the world's most eminent institutions. We are dedicated to the field of GPS Based Fleet Management Solutions and its exhaustive Data Analytics. Proficient in providing valuable solutions, we cater to diverse clients from all verticals. Our aim is to set benchmarks for analytics in the Logistics Industry in terms of imparting avant-garde solutions, high-quality services, and seamless support to our customers.
- Progressively we have established ourselves as one of the most trusted GPS Vehicle Tracking Solution providers among our esteemed partners and well-satisfied customers. As of now, we have 1,00,000+ Live vehicles to our credit with quarterly growth of 40%. Our gigantic network of 350+ partners reflects our success story.
- Gtropy has an array of solutions for every Industry type in the Logistics domain that help in the management of Logistics Operations, Passenger Transportation, Fleet Management, Supply & Distribution as well as pickup and drop services.

GTROPY's FORTE:

- GPS FLEET MANAGEMENT SOLUTIONS
- SUPPLY CHAIN ANALYTICS
- LOGISTICS MANAGEMENT SOLUTIONS
- FINTECH SOLUTIONS

- ERP SOLUTIONS
- VEHICLE TRACKING
- CONTROL CENTER
- OPEN MARKET FLEET MONITORING

INDUSTRIES WE CATER

CARGO AND LOGISTICS
Truck, Trailer, Canters, Vans etc.

OIL AND GAS/MINING
Pumping, Refining, Digging Road-header, Skid-Steer etc.

HEAVY MACHINERY
JCB's, Excavator, Generator Earth mover, Backhoes etc.

SUPPLY AND DISTRIBUTION
Supply chain, Shipping, Last mile delivery etc.

WASTE MANAGEMENT
Trucks, Dump Truck, Tailgate, Vacuum Truck etc.

CABLE AND TELECOM
Installations, Services Equipment Vans etc.

SERVICES/OTHERS

GOVT & PUBLIC SAFETY
Police, Ambulance, Fire Fighters, Social Services, Reinforcements etc.

AGRICULTURE
Truck, Tractor, Sprayer Spreader, Balers etc.

HVAC/R Pumping, Electrical Water, Gas, Sewerage etc.

CONSTRUCTION
Dump Truck, Trailer, Vans Crane, Excavator, Bulldozer etc.

FMCG/FMCD
Delivery pickups & Drops Warehouse to the table, Temp Management etc.

GTR▲PY

Bus, Taxi, Mobility Vans, Cab Aggregator, Shuttle etc.
